

QUALITY BURGERS SINCE 1969

WENDY'S HAS LANDED IN THE UK

Wendy's is known as a superior QSR experience at a price more fair than those "better burger" establishments. With plans in place for entering and growing across the UK, we are looking for quality locations in high traffic areas to bring our business to life.

WENDY'S IS CURRENTLY SEEKING LOCATIONS ACROSS THE UK

You Can Open a Wendy's Just About Anywhere.

Our development experts can help streamline a design type to fit any number of high-traffic locations, including:

- Retail / Leisure parks
- Roadside locations
- Drive Thru suitable locations (Greenfield/Brownfield)
- High streets
- Transportation hubs
- Shopping centres
- Motorway service areas
- Entertainment venues
- Colleges & Universities

A FRESH LOOK.

Wendy's goal has always been to deliver a better QSR experience by providing superior quality food served by people who care, in a distinctive and comfortable environment. The Wendy's experience is one that delivers a distinctive customer journey through a space filled with warm contemporary finishes, comfortable furniture and friendly smiles and service. Not what you might expect from fast food, but the one you deserve.
